

EatWellTime

A delivery app for workaholics who want to have healthy food but do not have time to go out to eat.

Be healthy even with no time: Order your lunch on EatWellTime!

From your registered zip code the you can locate the nearest healthy food restaurant.

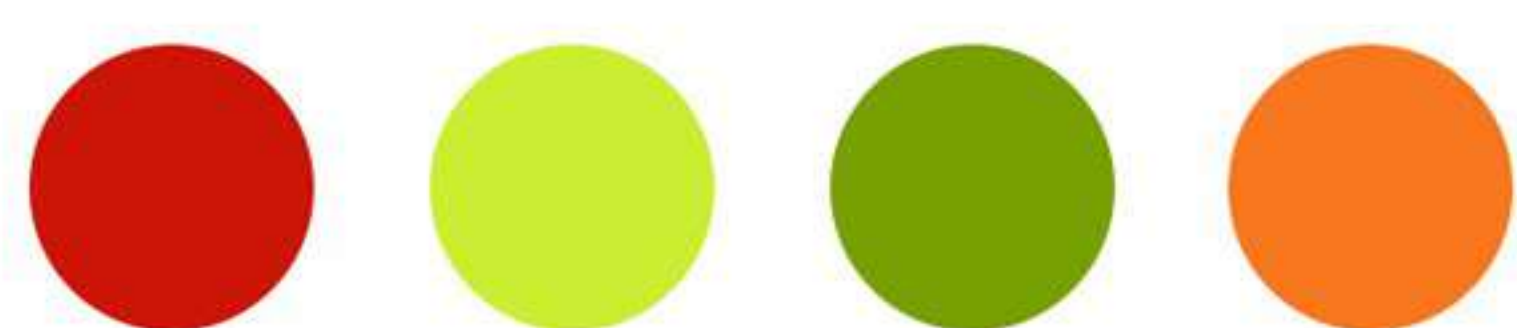

After registering the zip code, the initial screen will contain the main functionality: a search field where you'll be able to filter by food dish, ingredient or restaurant.

If the search result is by restaurant, you can open the restaurant page and see the menu to choose the food dish and add to your shopping cart. If the search result is by food dish or ingredient, you can open the description of the food dish add to your shopping cart.

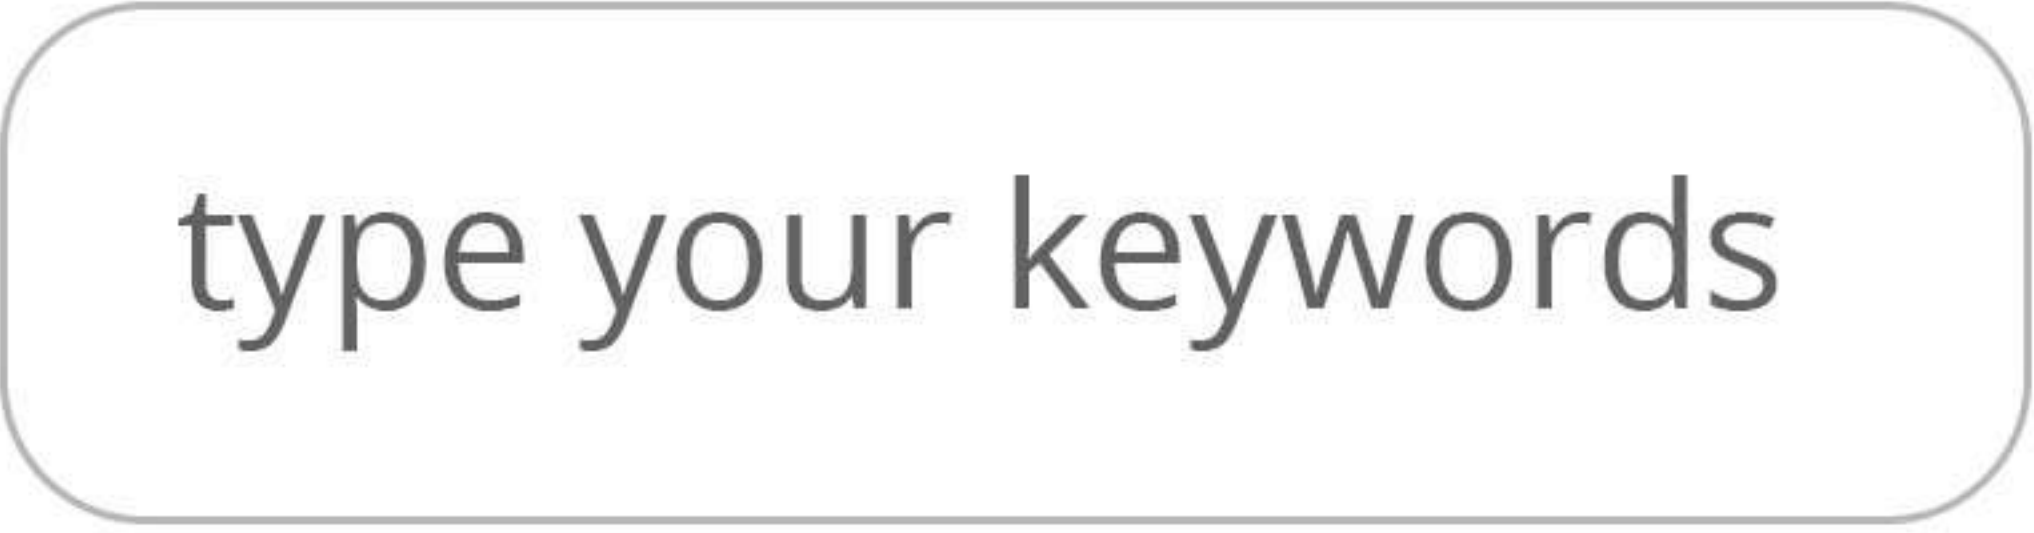

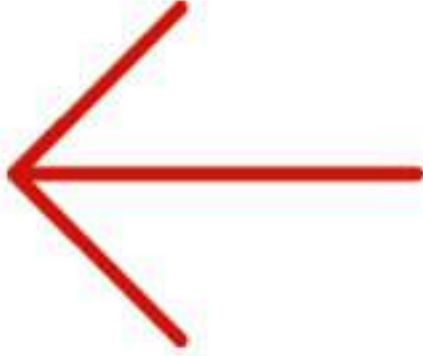

For any search option, you can choose the quantity and view the delivery time.

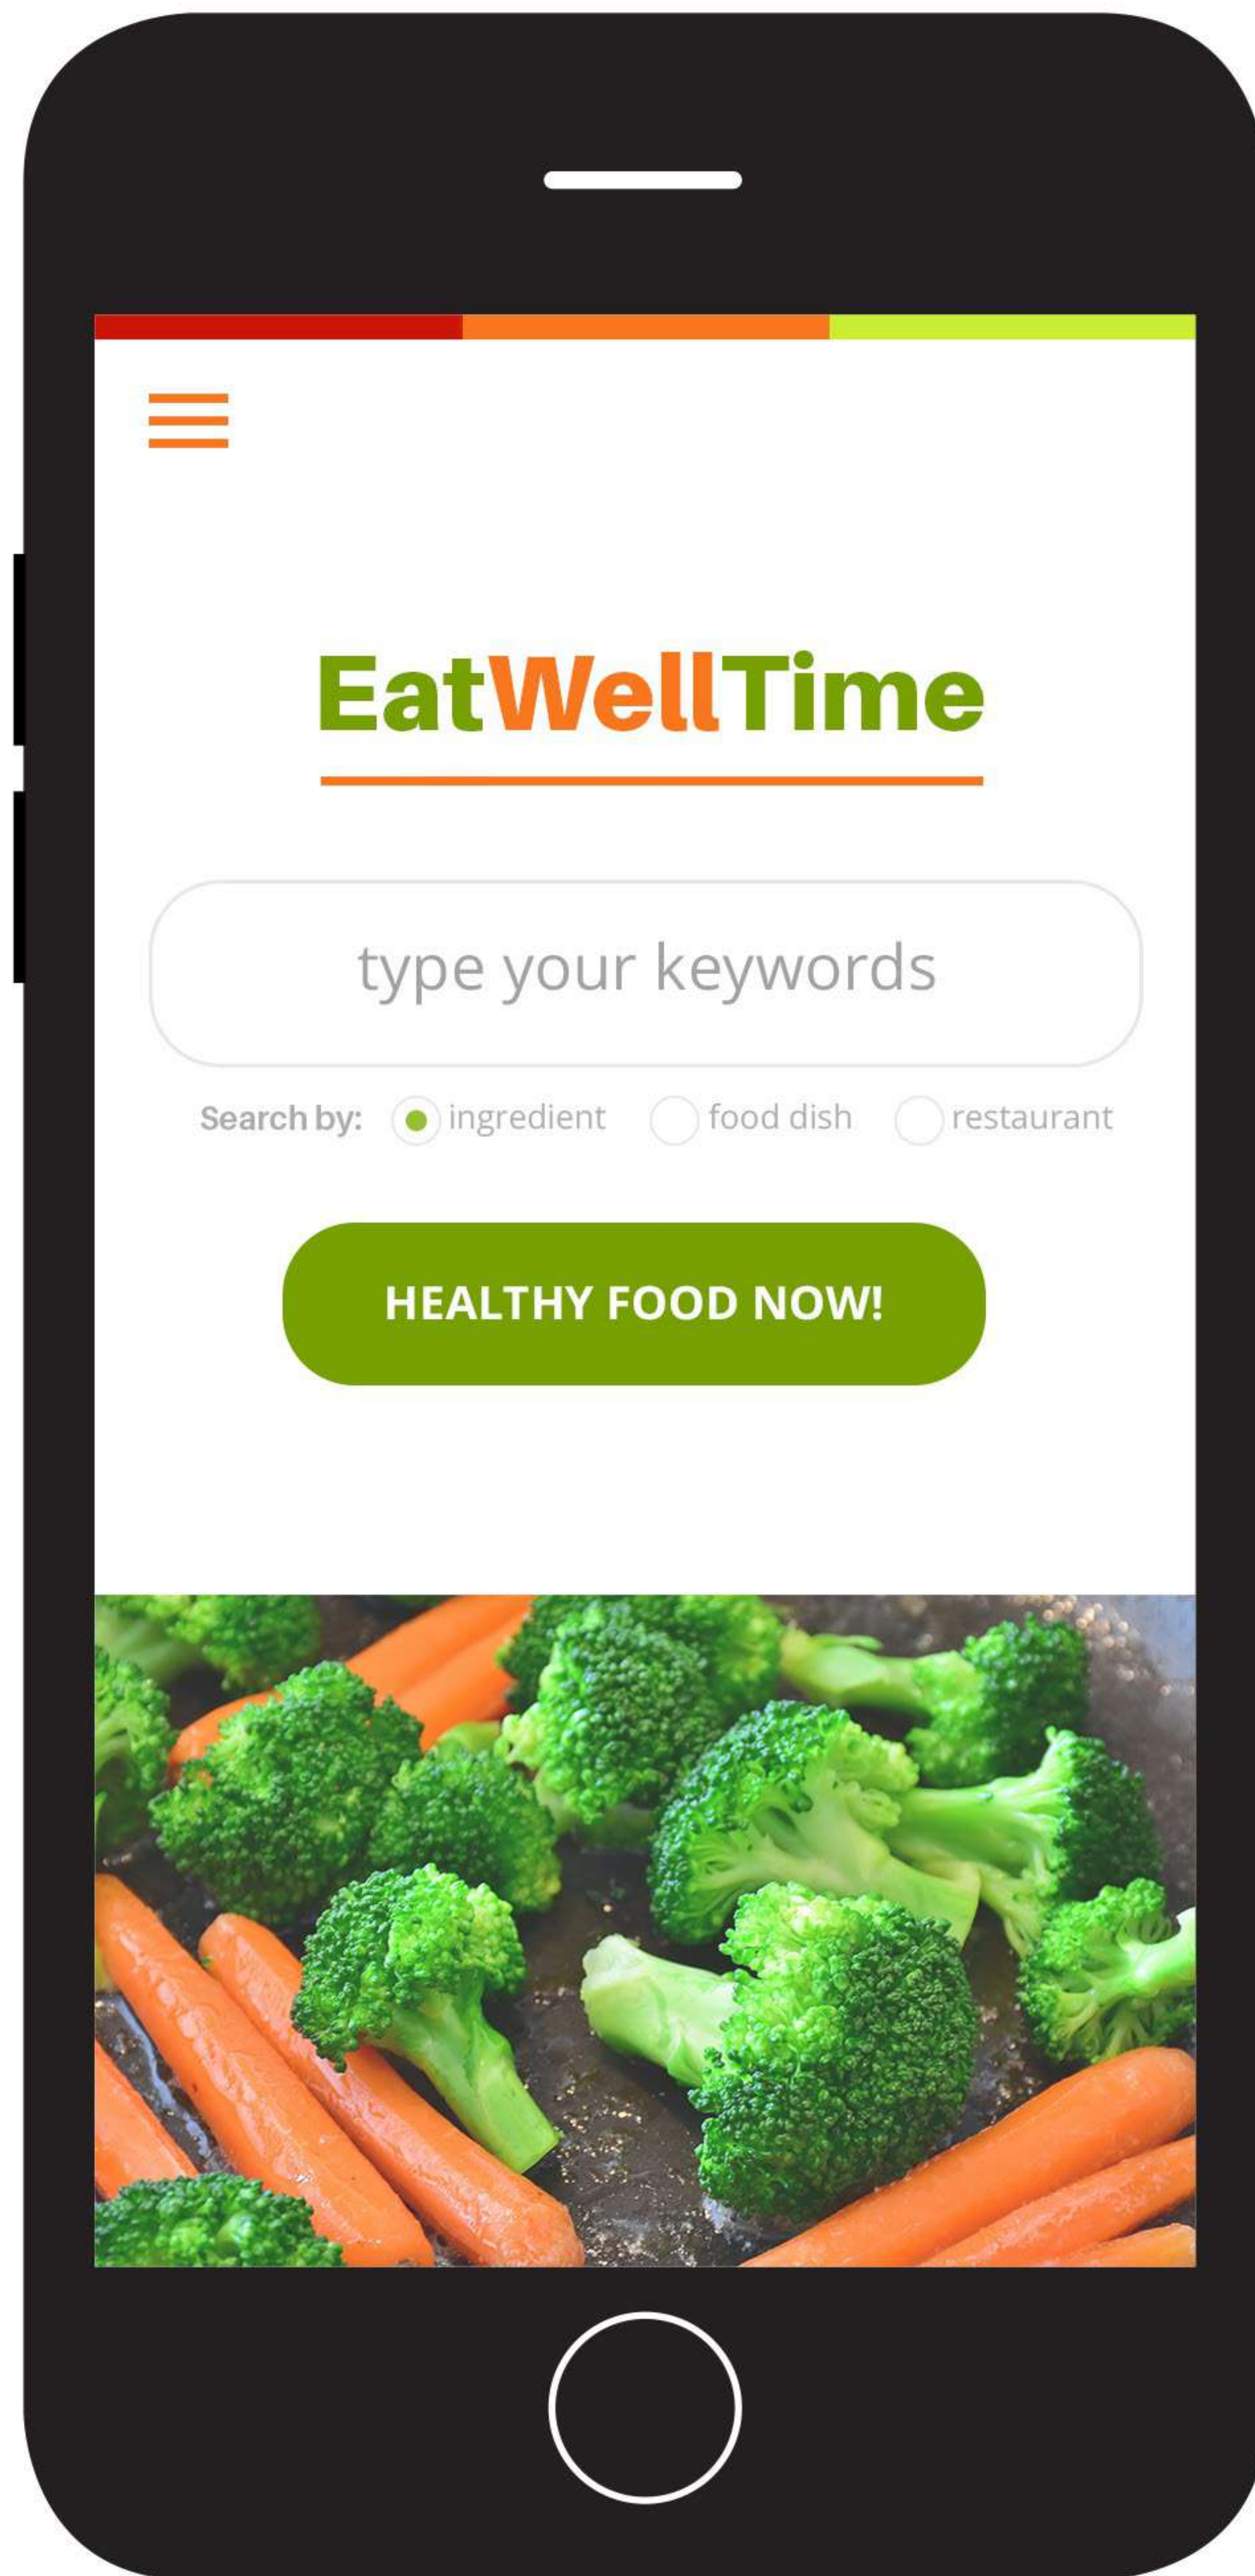

After choosing, just click on 'Order'.

Also you can rate the restaurant and comment later.
